

**TO YOU, WATER  
IS A HAZARD.  
TO OTHERS, IT IS LIFE CHANGING.**

## ABOUT NO THIRSTY CHILD!

For a billion, pipes don't deliver water to homes and families, children do. Most water delivery systems in the developing world rely on the transport of 5 gallon jerry cans by women and children.

No thirsty child! pilots clean water programs aimed at promoting clean, safe, accessible water solutions in developing nations, allowing children greater access to education, better health and quality of life.

Monarch Beach Golf Links in Dana Point, CA

**ORDINARY PEOPLE  
PROVIDING CLEAN WATER  
TO THIRSTY CHILDREN**
